

ESCAPE HOLLYWOOD

DIFFICULTY, DURATION AND TEAM SIZE

60 to 75 minutes

Teams from 5 to 15 people

DESCRIPTION

A film director on the verge of decline named N.D. has selected your team to be part of the most intriguing cinematic experiment ever made. But there's a catch: Hollywood moguls don't want it to happen. What information does N.D.'s script contain that Hollywood doesn't want you to find?

The team will have to sneak into the producers' offices and bypass security systems to find the secret script of N.D.'s most visionary masterpiece.

Take the first step towards a virtual journey into Hollywood's world and unravel the truth!

HOW IT WORKS

The team will have to solve various dynamic and engaging riddles using different material team members are provided with, such as audios, videos, images, texts and codes.

The objective of this unique Experience is to stimulate problem solving, intuition, logic and, more importantly, teamwork: collaboration between all participants is a key factor to solve the Experience challenges and successfully complete it.
