

ESCAPE ZOOM

DIFFICULTY, DURATION AND TEAM SIZE

45 to 60 minutes

Teams from 4 to 12 people

DESCRIPTION

A mysterious e-mail from Mr. Walae informs players of an imminent danger. They will have 60 minutes to bypass state-of-the-art security systems and save the world.

A sci-fi and introspective story in search of what makes us real.

Take the first step towards a virtual journey where problem solving and teamwork will be the only chance of survival.

HOW IT WORKS

The team will have to solve various dynamic and engaging riddles using different material team members are provided with, such as audios, videos, images, texts and codes.

The objective of this unique Experience is to stimulate problem solving, intuition, logic and, more importantly, teamwork: collaboration between all participants is a key factor to solve the Experience challenges and successfully complete it.
